**SYMBOLS AND OTHER
USAGES**

The following symbols, where shown in columns of figures or elsewhere in tables, mean:

- n.a. not available
- n.e.i. not elsewhere included
- n.p. not available for separate publication (but included in totals where applicable)
- n.y.a. not yet available
- nil or rounded to zero
- .. not applicable
- * Subject to sampling variability too high for most practical purposes.
- p preliminary - figure or series subject to revision
- r figure or series revised since previous issue
- break in continuity of series (where drawn between two consecutive figures or columns)

ROUNDING FIGURES

Where figures have been rounded, discrepancies may occur between sums of the component items and totals.

Analysis of Table 1.1

The mean population for 1994-95 increased by 27,700 over the previous year. This compares with an increase of 21,100 between 1992-93 and 1993-94.

The mean population for the 1994 calendar year increased by 25,300. This figure was higher than the 1993 increase of 19,200.

In the June quarter 1995, Western Australia's population grew by 7,500 persons to 1,731,700. This was an increase of 30,600 persons since the 1994 June quarter.

Analysis of Table 1.2

In the June quarter 1995 the total increase in population was 7,500. The total increase for the 1994-95 year of 30,700 is higher than for any financial year since 1989-90. Between March and June 1995 quarters, all three components of population change decreased.

There was no change in the natural increase between 1993 and 1994.

However, net estimated overseas migration jumped from 5,500 in 1993 to 8,100 in 1994, and net estimated interstate migration increased from 600 to 4,500 persons.

COMPONENTS OF POPULATION CHANGE
WESTERN AUSTRALIA

Analysis of Table 1.3

There was a rise of 320 deaths in September quarter 1995 from June quarter 1995. However, the number of marriages dropped sharply by 843 from June quarter 1995, repeating the pattern that occurred in 1994.

The number of live births and infant deaths in September quarter 1995 were similar to the previous quarter whilst divorces rose slightly to reflect a figure very similar to September quarter 1994.

Analysis of Table 1.4

Rates for marriages in September quarter 1995 dropped sharply from June quarter 1995, reflecting the corresponding fall in the number of marriages as occurred in 1994.

The rates for live births and infant deaths dropped slightly in September quarter 1995 from June quarter, but increased slightly for deaths reflecting the higher number of deaths.

The divorce rate for September quarter 1995 rose more highly from the preceding quarter than it did in 1994, but was still below the 1994 figure.

2.1 PERMANENT AND LONG TERM ARRIVALS AND DEPARTURES

Analysis of Table 2.1

In December quarter 1995 there were 7,360 long term and permanent arrivals, an increase of 8% compared with December quarter 1994. Long term and permanent departures increased 7% compared with the same period in 1994.

There were 3,140 permanent settler arrivals to Western Australia in December quarter 1995. This is an increase of 420 arrivals or 15% compared with the same quarter last year. This follows on a 16% increase for September quarter 1995 compared with September quarter 1994.

The number of long term overseas visitor arrivals (visitors who intend to stay for longer than 12 months) for December quarter 1995 fell by 1,200 or 45% from the previous quarter. This repeated the pattern of decline for the same quarters in 1994.

The total of 7,360 permanent and long term arrivals in December quarter 1995 exceeded departures by 2,780 or 61%.

— Arrivals
..... Departures

Analysis of Table 2.2

Short term overseas visitor arrivals for December quarter 1995 increased by 4,600 or 4% compared with the same quarter last year. This follows on a 1% increase for September quarter 1995 compared with September quarter 1994. There was an expected rise of 36,800 or 50% from September quarter 1995.

The number of Australian residents departing on short term overseas journeys in the December quarter 1995 fell by 1,600 or 2% from September quarter 1995. However, it represented an increase of 4,300 or 6% from December quarter 1994.

December quarter 1995, which includes the Christmas holidays, had the highest number of short term arrivals and departures in all the six quarters listed.

Analysis of Table 2.3

Short term overseas arrivals by air for December quarter 1995 (109,900) were up by 3,900 or 4% compared with December 1994. There was a rise of 36,100 arrivals from September quarter 1995 with the United Kingdom and Ireland recording the biggest increase of 11,300 or 120%. Singapore recorded an increase of 10,400 or 92%.

The major source countries were Singapore (with 20%), the United Kingdom and Ireland (19%), Indonesia (13%), Malaysia 7% and Japan with 6%.

During December quarter 1995, 54% of all short term arrivals by air were from Asia.

Analysis of Table 2.4

In December quarter 1995 there were 109,900 short term overseas arrivals by air. Of these, 57% (62,500 persons) gave the reason for their journey as 'holiday', and a further 29% (31,700) said they were 'visiting friends or relatives'.

People on holiday were mainly from Singapore (27%), Indonesia (17%), and the United Kingdom and Ireland (11%).

People visiting friends or relatives were predominantly from the United Kingdom and Ireland (39%), New Zealand (11%), Singapore (9%) and Malaysia (6%).

Analysis of Table 2.5

In December quarter 1995 there were 81,100 short term resident departures by air, a rise of 4,300 or 6% from December quarter 1994. However, this figure represents a drop of 1,500 people or 2% from the preceding September quarter 1995.

For residents departing overseas, the three most popular destinations were Indonesia, selected by 21% of residents and Singapore and the United Kingdom and Ireland with 11% each.

Other common destinations were New Zealand (10%), Malaysia (8%) and the United States of America with 6%.

Source: Unpublished table PMTR0013

— Arrivals

..... Departures

Analysis of Table 2.6

The main reasons given for short term resident departures by air in December quarter 1995 were 'holiday' (51%), 'visiting friends or relatives' (28%), and attending 'convention or conference' (15%) or 'on business' (15%).

The most popular destinations for residents departing on holiday were Indonesia (33%), and Singapore (12%).

Of those residents departing to visit friends or relatives overseas, 20% went to the United Kingdom and Ireland and a further 17% went to New Zealand.

Analysis of Table 3.1

The seasonally adjusted unemployment rate decreased 0.2 percentage points to 7.7 per cent in March 1996. The trend estimate of the unemployment rate increased 0.1 percentage point.

The seasonally adjusted number of persons unemployed decreased by 2,200 to 69,700, while the number of persons employed decreased by 1,800 to 833,100.

Western Australia's seasonally adjusted participation rate for March 1996 decreased by 0.4 of a percentage point to 66.2% and continues to be the highest of all the states.

Trend estimates for September 1995 to February 1996 have been revised.

Analysis of Table 4.1

Data in this table have been revised and now show data from the redesigned retail Business Survey. see Information Paper (8511.0) issued on 1 December 1994 or Retail Trade Australia (8501.0) for more detail on the survey redesign.

Estimated turnover of Western Australian retail establishments during February 1996 was \$962.1 million (at current prices), a decrease of 6.3% over the previous month. The trend estimates show an increase of 0.3% over the previous month.

From February 1995 to February 1996, trend estimates indicate a national annual growth rate of 8.2%. The annual growth rate for Western Australia for the same period was 10.1%.

The national trend estimates show increases of 0.5%, 0.5% and 0.4% for the months of December 1995, January and February 1996. For the same three months, Western Australia recorded increases of 0.6%, 0.5% and 0.3% respectively.

Analysis of Table 4.2

The All Groups Consumer Price Index (CPI) Perth increased by 0.6% between the September and December quarters 1995.

Major contributors to the change from the September quarter 1995 to the December quarter 1995 were tobacco and alcohol, holiday travel and accommodation in Australia, mortgage interest charges and hospital and medical services, automotive fuel, fresh fruit and vegetables, and motor vehicles

The increase in the CPI from December 1994 to December 1995 was 4.8%.

Contributing most to the annual increase were housing (up 9.8%); transportation (up 5.0%); food (up 3.9%); tobacco and alcohol (up 7.1%); health and personal care (up 6.9%) and recreation and education (up 4.0%).

Analysis of Table 5.1

The number of houses approved in February 1996 increased by 34.8% when compared with January 1996 and decreased by 6.7% when compared with February 1995. The number of total dwelling units approved in February 1996 increased by 19.4% when compared with January 1996 and decreased by 6.6% when compared with February 1995.

The Building Approvals trend series for houses recorded a low of 1,005 in October 1995 and since that time has risen to a level of 1,046 in February 1996.

9.2 STATE FINAL DEMAND AND PRODUCTION ACCOUNT TREND DATA AT CURRENT PRICES

Analysis of Table 9.2

GSP grew 1.8% in the September quarter, to be 6.5% higher than in September quarter 1994. Growth in wages, salaries and supplements was lower than in recent quarters, rising 1.3% in the September quarter, following an increase of 1.8% in June quarter 1995. Indirect taxes less subsidies grew 1.6% in the September quarter, after falling 0.1% in March quarter 1995 and rising 1.0% in June quarter 1995.

For more information...

The ABS publishes a wide range of information on Australia's economic and social conditions. Details of what is available in various publications and other products can be found in the *ABS Catalogue of Publications and Products* which is available from any of our Offices (see below for contact details).

ABS Products and Services

Many standard products are available from ABS Bookshops located in each State and Territory. In addition to these products, information tailored to special needs of clients or in-depth data investigations can be obtained on a wide range of media by contacting the ABS Information Consultancy Services in your nearest ABS office.

National Dial-a-Statistic Line

0055 86 400

(Steadycom P/L premium rate 25c/21.4 secs.)

This number gives 24 hours access, 365 days a year for a range of important economic statistics, including the CPI.

Internet

<http://www.statistics.gov.au>

A wide range of ABS information is available via the Internet, with basic statistics available for each State, Territory and Australia. We also have Key National Indicators, ABS product release details and other information of general interest.

Bookshops and Subscriptions

There are now over 500 titles available from the ABS Bookshops in each of our Offices. The ABS also provides a subscription mailing service through which nominated publications are provided by mail at no additional cost. (Telephone Publications Subscription Service toll free on 008 02 0608 Australia wide).
